Silkwood State School Dress Code

Our school dress code outlines what students may wear to school and what is acceptable to the Silkwood School Community with regard student attire. This code has been produced in consultation with staff, parents and P&C so that all Silkwood State School students represent their school and community with pride and respect. These compulsory uniform standards also meet comfort and Education Queensland workplace health and safety requirements.

Our uniform shop is run by the P&C and all items apart from shoes may be purchased upon request or appointment. Assistance is available for families who may find it difficult to afford new uniforms for their children. Enquiries can be made at the school office.
